Is he a bear? Is he a lamp? Whichever way you choose to see him, he's weirdly wonderful. Let him win a place in your heart as he sits quietly on your shelf or bedside table. The black fabric-covered shade is a reflective gold on the inside to enhance Teddy's golden features. His plump body lets you park him where you please without fear of him toppling over. Poor Ted may have lost his head, but he definitely lights up the room!.
