## Dali Clock

Never has the poignant elasticity of time been so artfully represented as in this Daliesque wall clock. Where time stretches and contracts at the passing of a mere moment, and yet the mellifluous fluidity of its form belies the rigidity of its construction. Surrealism and accurate time - a perfect juxtaposition, or just pretentious blurb? Probably a bit of both. Designed by Artisti of Italy, this hefty Dali Clock is a stunning and original timepiece for all lovers of the beautiful and obscure. With a quartz movement and made by Italian artisans from metal and glass, time melts, and looks a dream on your wall.
