Victorinox Golf Tool in assor colours

Product Name: Victorinox Golf Tool in assor colours

Manufacturer: Victorinox

Model Number: V0-7052

VICTORINOX presents the GolfTool Golfers swear by their GolfTool from Victorinox. Keen golfers have developed the new, compact GolfTool, which contains ten practical tools. The GolfTool is manufactured to the highest quality standards by Victorinox, manufacturer of the world-famous Swiss Army Knives. The new golf tool, which weighs only 65 grams, does not look like a conventional pocket knife. It is wider, flat and lies very comfortably in the hand. Ten tools are fitted underneath the robust, scratch-free nylon shell. The golfer will be mainly interested in the Ball Marker, the Repair Tool (pitch fork) for one-handed use, the Tee Puncher and the Groove Cleaner. Using the Ball Marker, which is held in a slot on the top surface of the tool, the position of the ball can be quickly marked on the green with one hand. The Repair Tool is also very practical, because the tool can be extended using the golf ball shaped pushbutton and can be used to repair depressions in the grass. The blades fitted on the side disappear into the inside of the tool with the slightest pressure, so that the fork is very comfortable to use. And, last but not least, the blade of the Groove Cleaner can be used to clean the grooves on the golf club, and is very useful for punching the position for the tee - especially in hard or frozen ground. Additional bonuses are the pocket knife blade, the scissors, cap lifter, nail file, tweezers and toothpick. In short: the GolfTool is an indispensable companion that you will not want to be without, either on the golf course or elsewhere. The GolfTool has a large, printable surface - ideal for adding a company logo. 0.7052 GolfTool with 10 functions, weight 65 g, available in specialist shops, sports shops, golf shops, etc.

Price: R399.22
